Benefiting

Friends of the VA Puget Sound Fisher House

The **VA Puget Sound Fisher House** provides "a home away from home" for the families of Veterans and active duty military who have a loved one receiving inpatient care at a Seattle area hospital. Families must live a minimum of 50 miles from VA Puget Sound and rooms are available on a "first come, first served" basis. Families stay for free as long as their patient is hospitalized, saving them an estimated \$200/night. All programs of the House are directed at "taking care of the caregivers", providing them support and rest during a difficult time. For more information about the organization, please visit :
